Gaillard Warns Of Tornado Dangers

Tornadoes are not choosy. They can strike almost anytime and anywhere. That's why knowing a few simple precautions could save your life.

J. T. Gaillard, Extension civil defense specialist at Auburn University, says that after hearing a tornado warning, and if time permits, head for a tornado cellar or underground excavation that has an air outlet. Ideally, this place should be free from water, gas or other debris and supplied with a pick and shovel.

But you won't always be lucky enough to be near such a well-equipped place when a tornado hits.

If you are in open country, move at right angles to the tornado's path. But if you can't escape in time, lie flat in the nearest depression such as a ditch or ravine.

If you are in a city or town, seek inside shelter, preferably in a steel reinforced building. Be sure to stay away from windows. People living in brick or stone houses should look for other shelter such as in a storm cellar or in a basement of a frame house.

When no cellar is available, any protection—even lying under a bed—will help. If time permits, shut off electricity and fuel lines. You can help reduce possible damage by opening the windows on the north and east sides of the house.

If you are taking cover in a school or other building that has good reinforced construction, stay away from windows and remain near an inside wall on the lower floor. Avoid auditoriums and gymnasiums with large poorly supported roofs.

If you are in a building without reinforced construction, go to a ravine or ditch if a storm shelter is not available.

The Army Reserve consists of more than one million officers and enlisted men and women, all dedicated to the highest principles of military service.

Fish To Become Major Food Supply

FPC may be one answer to feeding the world's hungry people. What is FPC? It's fish protein concentrate and the Food and Drug Administration recently approved its use as a food supplement in the United States as well as abroad.

Extension Food Scientist Dr. Robert Terrell says FPC is a greyish-white granular or powdery product that is dried and defatted. It is tasteless and odorless and may contain 80 per cent protein, 14 per cent minerals and six per cent moisture. It can be made from fresh whole fish, fish offal, fish press cake and fish meal.

Terrell says the fish flour will not be used directly as a food, but as a supplement or enriching substance. FPC has been successfully used in bread mixes, macaroni, spaghetti, tortillas, waffles and baby foods.

The first experimental fish flour was made in South Africa in 1957.

Business Grants Increased

The Maytag Company Foundation, Newton, Iowa, announced that their engineering and business scholarship grants have been increased from \$300 to \$500 for the school year. Eight scholarships are given through five universities.

The foundation also announced that nine teachers in the Newton (Iowa) Community School District has been selected to receive \$300 scholarships for summer school study.

George Andrews Elba Native Named Outstanding Man

Presented Service Award

The Honorable George Andrews, United States Representative from the Third District of Alabama, was honored at a gala reception in the National Capital, Congressman Andrews was presented the Distinguished Service Award by the Board of Trustees of non-partisan Americans for Constitutional Action.

ACA's distinguished Service Award is bestowed every two years upon those legislators whose voting records in the Congress of the United States support legislation which serve to strengthen and defend the spirit and principles of the Constitution of the United States.

In presenting the award to Congressman Andrews, Chairman of the Board of Trustees, stated: "The acceptance of this award does not imply that you are in complete agreement with all of the principles espoused by ACA nor does it imply any commitment for you to support them in the future."

CHECK YOUR BODY BEFORE VACATION TRIPS

So many people who never neglect checking their automobile before a vacation trip, forget to check their body also to insure a healthy trip. Yet they may have teeth which need fixing, digestive or other problems which could ruin their entire pleasure.

Let your physician or dentist examine you. They will tell you what medicines you should take with you, give you needed "shots" and important advice. The odds are you will more likely have a much better trip if your health remains good.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

the martian question

Something to think about . . . If there are intelligent creatures on some other planet, your son and mine may one day meet them!

What sort of people would you hope these "Martians" to be?

Believers in God . . . or atheists?

Men and women with spiritual ideals . . . or materialists of the Kremlin variety?

Warm-hearted, friendly, with a Christian sense of values . . . or ruthless, indifferent, dedicated only to self?

WOULDN'T IT BE HEARTENING to find on that planet a world of churches . . . of faith . . . of folks at worship and at work for the Truth revealed to them by God?

Something to think about . . . Next Sunday! In this world! Which isn't yet all we want Man to be!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. Here are the reasons why every person should attend services regularly and support the Church. There are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Check On Medicare Before Age 65

Everyone should contact the social security office 2 or 3 months before reaching age 65 to file application for Medicare. Mr. Harry N. Scott, social security district manager, said.

"This is true even if you have not worked under social security or have no plans to stop working, but you must file an application and establish your age."

Another good reason for filing to establish Medicare coverage is that you may also find you're entitled to some cash benefits. Thousands of people have been pleasantly surprised in this way," he added.

Mr. Scott emphasized a person reaching 65 must file for medical insurance within a 7-month period consisting of the 3 months before he is 65, the month of his birth, and the 3 months after that month. If the individual fails to enroll during this 7-month period he cannot sign for this important protection until October 1967. The monthly premium will be permanently higher and his coverage will not begin until July 1968.

"In order to be protected by Medicare starting with the month one reaches 65, the application must be filed in the 3 months before that month. The social security office in Dothan is located in the Federal Building at 100 West Troy Street. Office hours Monday through Friday are from 8:45 A.M. to 5:00 P.M. For the convenience of those who cannot come in the office during the regular hours, the office is open on Saturday from 9:00 A.M. to 12:00 Noon. The telephone number is 794-3161.

Masons To Crown 'Miss June 24th.'

The search is on for Miss June 24th, of 1967. The afternoon of June 24th, at 4:00 p.m., a glittering crown will descend on the pretty head of some lovely girl. With that crown will go the honor of being "Miss June 24th" for the 97th consecutive Masonic Celebration.

The Beauty Pageant will be one of the most important and glamorous features of the 97th Masonic Celebration. Qualified judges will select a winner on the basis of beauty, poise and personality.

Participants must be between the ages of 16 and 21 years, never married, and of excellent character. All interested young ladies who would like to enter, please contact Mrs. Inez Newton, Beauty Pageant Chairman, Florida, for entry blanks. No fee or sponsor is required.

THIS GROUP OF ELEMENTARY 4-H CLUB members is shown with awards which were presented during the Awards Day program at Goodman Junior High School. Karen Bowden received special honors for being first place winner in the County Blouse Revue and for submitting the county best overall 4-H record book in the elementary girls division. Pictured, front row, (left to right) are: Martha Jones, Kathy Roberts, Betty Cooper, Shadene Creech, and Betty Pappas. Second row (left to right) are: Peggy Turner, Karen Bowden, Eunice Kennington, Kathy Smith, Sandra Rogers, and Rhonda Jackson.

THESE CURTIS 4-H'ERS are proudly displaying their certificates, ribbons, and trophies they received at the 4-H Awards Program. These 4-H'ers are (front row left to right) Diane Smith, Kathy Pope, Lynn Donaldson, Barbara Hudson, Cheryl Eiland, (second row) Jackie Donaldson, Joe Daugherty, Johnny Smith, Brenda Sutley, (third row) Joanne Twilley, Ova Lee King, Mickey Donaldson, and Jimmy Taylor. The local leaders of the Curtis 4-H Clubs are Mr. E. C. Griffin and Mrs. Jessie Hix.

4-H AWARDS - Judy Bradley, Diane Rogers, and Carolyn Bradley display awards which they received at Goodman Jr. High School during the 4-H Awards Day Program. These girls are members of the Goodman Jr. 4-H Club. Not pictured is Rhonda Howell.

Awards are based on project work and awards programs which the 4-H'ers enter.

GOODMAN ELEMENTARY 4-H BOYS are awarded certificates, ribbons, and trophies for their outstanding 4-H Club work. These 4-H'ers are (seated left to right) Dwight Allen, Ricky Hataway, Ralph Aaron, (standing) Mark Donaldson, Robin McDaniel, and Tony McDaniel.

Vegetable Sales Boost Income

Commercial vegetables boost Alabama's farm income by more than \$22 million annually, reports Extension Vegetable Marketing Specialist M. R. Glasscock.

However, there are nat-

ural production advantages in the state which could and should cause this figure to double, triple or even quadruple, adds the specialist. First, Alabama has the soil, water supply and the climate that are suitable for vegetable production. Alabama also has experienced growers and processors to handle the products, along with the up-to-date marketing facilities.

The state's vegetable growers, by realizing natural production advantages and expanding their acreages, can reach an annual income of \$35 million by 1970," concludes Glasscock.

Combined sales and receipts of Alabama's travel trade amounted to \$44 million dollars in 1966.

Sgt. Martin Participated In Maneuver
Master Sergeant Fred T. Martin, son of Mrs. C. V. Martin of Elba, Alabama, participated in Exercise Aurora, a two-week Southeast Asia Treaty Organization (SEATO) military exercise, concluded at Bangkok, Thailand.

TOP-DRESSING PEANUTS
A friend of mine called me a few days ago and asked about putting out landplaster or basic slag on peanuts that are a little bit earlier than usual. We checked into this and the folks at Auburn say that if the landplaster or slag is put on the last of May, it might be best to decrease the amount slightly. Both of these materials will leech from the soil to a certain extent and if they are put out too early, it could cause a loss in the yields.

PASTURES
I believe that pastures are in poorer shape this year than any time I can remember in the past several years. It is still early June, though, and pastures are coming out of winter dormancy. If you have fertilized your pastures, get ahead and do this as soon as possible. Try to go through the fall with heavy fertilization to save either for hay or for grazing. The Elba County cattle producers are hurting badly due to the over-grazing, due to the lack of rainfall.

Rucker Wins First Prize In Conservation
Ft. Rucker, the sprawling military base in Dale and Coffee Counties, has won first prize among all military installations in the nation for its successful operation of a conservation program on its military reservation.

Ft. Rucker previously won the Third Army's award for an outstanding conservation program. The Alabama installation won out over six other military bases in the finals for the title among all the Defense Department units competing. The final competition was among Army, Navy, Air Force and Marine bases.

Bevo Howard To Speak At Ozark School
Mr. Bevo (Bevo) Howard, famous pilot and stunt flier, and authority on aviation, is to speak to the graduating class of the Alabama Institute of Aviation Technology, Ozark, Alabama, June 17, according to Troy C. Tullis, Director of the school. Mr. Howard is President of Hawthorne Aviation which has the Test Board Contract at the Army Aviation Maintenance Center at Fort Rucker. Many people will recall seeing Mr. Howard do stunt flying at the Armed Forces Day Program at Fort Rucker, May 20, Hawthorne Aviation, headed by Mr. Howard, has had contracts for aircraft maintenance and pilot training all over the United States.

Among his accomplishments, Mr. Howard holds six world championships for precision aerobatic flying.

Mr. Tullis, Director of the State Aviation School, Ozark, indicated that he will be 166 graduates who will receive diplomas and certificates during the ceremony to be held in the school hangar at 7:30 P.M., on the evening of June 17.

Tech/Sgt. Smart Receives Air Force Medal

Technical Sergeant Bill Smart, son of Mrs. Rosa B. Smart of Route 1, Elba, Alabama, has received the U. S. Air Force Commendation Medal at Torreyon AB, Spain.

His wife, Carolyn, is the daughter of Mr. and Mrs. Houston McCollough of Rt. 1, Elba.

The pink bollworm is the larva of the moth which destroys the cotton boll bearing maturity.

The sergeant, now assigned to Torreyon, is a member of the Air Force Communications Service which operates five million miles of communications channels and more than 1,000 air traffic control facilities around the globe.

Sergeant Smart was decorated for meritorious service as a communications technician at Udorn Royal Thai AFB, Thailand. He was cited for his outstanding skill, knowledge and duty performance.

The 18-year-service veteran was graduated from Elba High School, where he was a member of the Elba High School Air Force team.

Airman Crews Is Stationed In Viet Nam
Airman First Class Joe T. Crews, son of Mr. and Mrs. F. G. Crews of 301 Grace Avenue, Easley, South Carolina, is on duty at Tan Son Nhut AB, Vietnam. Airman Crews, a fireman, is a member of the Pacific Air Force and conducts air power to maintain the U. S. defense posture in the Pacific and Southeast Asia. Before his arrival in Southeast Asia, he was assigned to the 32nd Civil Engineering Squadron at Eglin AFB, Florida. The airman is a 1964 graduate of Easley High School. His wife, Sarah, is the daughter of Mrs. Tom Gentry of Elba, Alabama.

COFFEE NEWS & CHAT

VACATION
Going on vacation? Put one teaspoon of deodorizer in all sinks, tubs and toilets and you will come home to a house free from the musty odors that usually greet the returning traveler.

SMORES
Plan to take for each person:
1/2 plain chocolate bar
1 marshmallow
2 graham crackers
1 toasting stick

Toast the marshmallows over coals to slight-brown color and until it is soft inside. Put the chocolate bar between the toast marshmallows between the graham crackers. Press together lightly and eat.

MEN'S CLOTHES
Men can improve their appearance, as the women folk do, with certain gimmicks or tricks that hide minor physical deficiencies.

One of today's best aids to general appearance, however, is the new "shaped suit" which accents and squares a man's shoulders and gives a trim, slim waistline. See it in your favorite men's wear store right now.

DECORATING
When decorating a room never underestimate the power of color. Color can establish the mood of a room.

When you select and put together colors, it's usually best to keep colors of backgrounds and large pieces of furniture soft. Brilliant colors are hard to live with when used in large amounts. Bright splashes of color are pleasing in small areas, such as accessories.

Rooms of a house will seem to belong together if the same colors are used in some way in each room. A color need not be used the same way in every room and it need not be exactly the same shade or degree of brightness in every room.

In every color scheme one color should dominate. This color is used in greater proportion than any other color in the room. Dominance of one color keeps the color scheme from becoming confused and chaotic. On the other hand, it is wise to use enough variation of color to prevent monotony.

Your choice of a dominant color in a particular room will be affected by the room's size, amount of natural light exposure, use of the room and adjoining rooms.

Methodist Announce Blue Lake Camp

The Methodist Board of Education announced the Summer Camp for Junior High for 1967. The Alabama-West Florida Conference of the Methodist Church anticipates this to be one of the greatest years of the camping program. The Andalusia District youth, including Elba youth, will go during the week of July 17 through July 22.

Activities at the Camp will consist of hiking, canoeing, Bible study, worship, recreation, sleep-outs.

The cost of the camp is \$19. Registration should be sent to Box 700, Andalusia, Alabama.

Pre-Teen Youth To Attend Methodist Camp
Camps for boys and girls who have completed the 5th, or 6th, grade this past school year will be held at the Blue Lake Camp near Andalusia, Alabama, throughout the summer.

The Elba youth will attend during the week of July 16 through July 22.

The Methodist Assembly board will host a number of camps this year with the theme "Living and Learning in God's World."

It is hoped that every person will have an experience of camping in which he may encounter the presence of Christ.

Cost of the camp is \$19. Registration should be sent to Box 700, Andalusia.

RIOTS ARE MAJOR CRIME

BY J. EDGAR HOOVER, FBI Director

Crimes of violence, many have been assaulted and abused, and maligned for the long, hot months, are no longer the only major crime problem in life. However, I am sure that the public, every man, woman, and child regardless of its station in life, can rely upon responsible law enforcement to discharge its duties of protecting the lives, liberty, and property of all citizens.

Local, county, and city authorities should speak out and let everyone know that law and order will prevail. They must support the enforcement of law and make it abundantly clear that riots, mobs, and senseless destruction will not be tolerated. And, too, all Americans must recognize that under our system of government there can be no one less than a citizen.

Lincoln once said, "There is no grievance that is a fit subject of redress by mob law." This is an ageless maxim. The only way to secure equal rights, liberty, and justice for all citizens.

We would like to express our sincere appreciation to our many friends, both white and colored, who showed their sympathy to us during the loss of our loved one.

Sonny Inman Honored By Green Beret

Louis F. (Sonny) Inman, of Elba, has been made a lifetime honorary member of "Green Beret" Special Forces of the U. S. Army. His letter of membership, signed by Major General Pierce R. Caldwell, Commanding General of the elite soldiers, was accompanied by a genuine green beret. The beret is the official headgear of the Special Forces.

Inman was one of the first men chosen to be a member of this special group at its formation in 1950. As a lieutenant in the rangers, he already had extensive training in the very things necessary for the Special Forces.

Later Lieutenant Inman was to lead the first volunteer of Special Forces men to Korea. Inman had been in Korea for seven months when he was captured by the enemy and was confined to a POW Camp until Operation Big Switch, when the U. S. and North Korea exchanged all prisoners of war.

In an interview with this newspaper, Inman revealed that the Special Forces are still using the basic concepts that his group of 100 officers and enlisted men operated with in 1950 when they were organized under the Psychological Warfare Department of U. S. Army.

MISS TURNER TO ENTER MEDICAL COLLEGE

Mary Ann Turner, the daughter of Mr. and Mrs. L. W. Turner of Route 4, Elba, was graduated with honors from the University of Alabama at Commencement Exercises on May 28. She received a B. S. degree with a major in chemistry and a minor in biology.

At the University, Miss Turner was a member of Phi Beta Kappa, Mortar Board, Alpha Lambda Delta, Gamma Sigma Epsilon, and the College of Arts and Sciences Honors Program. She was also president of her residence hall, vice-president of Alpha Epsilon Delta (pre-med honorary), and listed in Who's Who in American Colleges and Universities.

Miss Turner will enter the Medical College of Alabama in Birmingham in September.

Major Paul English Awarded Commendation Medal By Army

"For contributing significantly to the effective performance of the Army Materiel Command (AMC) in the target missile area," Major Paul L. English, 5314 Montgomery Street, Springfield, Virginia, and formerly of Elba, Alabama, has been presented the Army Commendation Medal.

Brigadier General J. G. Schermerhorn, Director of Major Items, AMC, made the award at a ceremony held in Headquarters, AMC. The citation accompanying this presentation said: "Major English exhibited outstanding initiative and managerial ability in the supervision and direction of the Army Target Missile Program in support of expanding air defense weapons requirements. His natural ability to understand the intricacies of Army programming procedures enabled him to deal effectively with all levels from field activities to the Department of Defense. As a result of his enthusiasm, exceptional professional ability, and untiring efforts, Major English gained the respect and admiration of superiors and subordinates alike."

Major English is married to the former Marianne Hughes; they have three children: Paul, Jr., Jeffrey and Elaine.

Summer School To Begin June 19 In Elba

Credit courses available are plane geometry, algebra, American history, democracy, and economics. Credit courses are scheduled for three-hour periods, and the general education courses are scheduled in periods of one hour each. Library services will also be available.

Members of the summer faculty are: Mrs. Mary Carnley, Mrs. Janet King, Miss Sue Weeks, Mr. J. F. Hudson, Mathematics; Mr. Ray Flowers, Mr. Chester A. Hammonds, Science; Mrs. Sara Sharp-

Fred Clark Completes Banking School

Fred D. Clark, Vice-President, Elba Exchange Bank, is one of 180 bankers receiving certificates at graduation ceremonies on Friday, June 9, concluding the 18th annual session of the School of Banking of the South. The school meets for two weeks each summer at Louisiana State University in Baton Rouge, Louisiana, under the sponsorship of 14 southern bankers' associations.

The complete course requires attendance at summer sessions for three years, during which student bankers receive 180 hours of classroom instruction, 30 hours of review, organized evening study and written final examinations. Additionally, a series of home study problems must be completed between the sessions.

The School of Banking was organized to provide advanced study in banking and economics. The faculty consists of bankers, businessmen, economists and educators. More than 2,000 bankers have completed the program and enrollment for this year includes 775 bankers from 21 states and Mexico.

"This adult education program has grown in importance since its beginning. It gives practicing bankers an opportunity to renew and expand their knowledge of evolving management skills; and these skills will benefit the entire business community," Mr. Ray Flowers, Mr. Chester A. Hammonds, Science; Mrs. Sara Sharp-

Allotments For Wheat Are Available

Farmers who would like to be considered for a "new farm" allotment for the 1968 crop of winter wheat on a farm which does not have a 1967 wheat allotment should get in touch with the ASCS county office during this month, Roy Ellis, Chairman, Agricultural Stabilization and Conservation County Committee, said recently. Applications for such allotments may be filed until July 1, 1967.

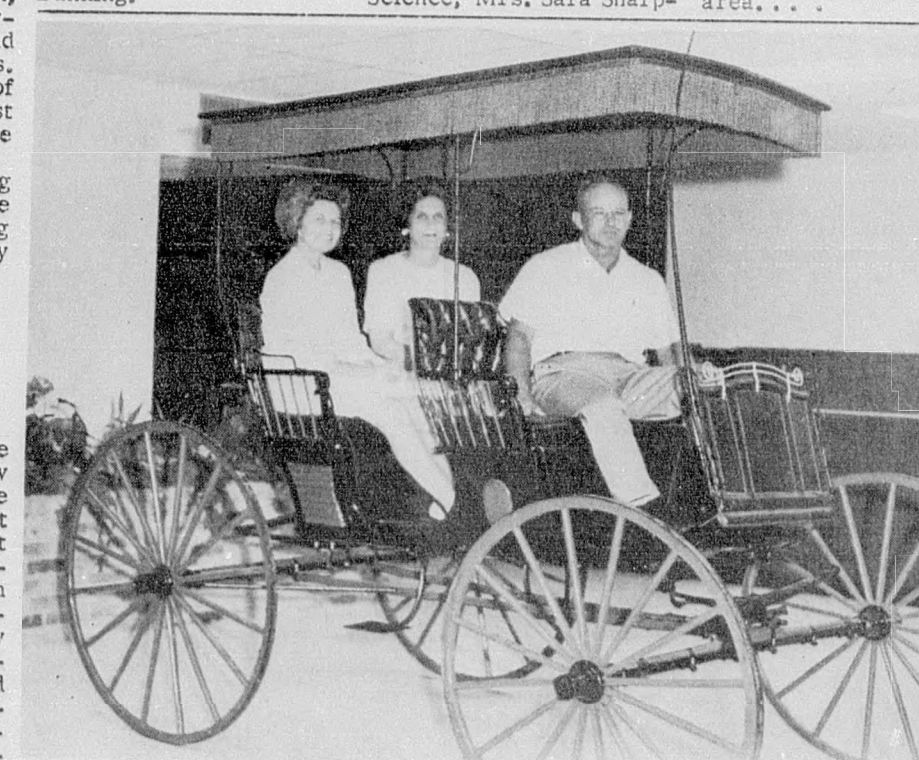

A producer eligible to file such an application is one with a farm for which no wheat allotment has been made.

Major English is married to the former Marianne Hughes; they have three children: Paul, Jr., Jeffrey and Elaine.

THOUSANDS ATTEND RELIGIOUS MOVIE

Over three thousand people viewed the recent Elba showing of the Billy Graham movie, "The Restless Ones". The movie was presented with the cooperation of the Coffee County religious laymen's association.

Premiere Chairman, Jack Brunson, reports that 3,231 people attended the movie. Brunson reports that this movie "had a profound impact upon our area."

IT'S THE FASHION - Folks down around Kinston are familiar with this beautifully restored survey in the lobby of the Bank of Kinston. It was restored by the Douglas Mac-Pictured with Mr. Martin are Mrs. James Griggs, left, and Mrs. Woodrow Pierce. The survey will be on display in the bank lobby for about another week. The Kinston bank has made fine progress since opening and as indicated in the ad in this issue of the Clipper, they are alert to the need and desires of the banking public.
